1. Please log in to the Congress System (<https://congress.2026.apvrs.org/>)

Asia-Pacific Vitreo-retina Society (APVRS) Congress: A Platform for Global Vitreoretinal Advancements and Collaboration

- Network with 2000+ retina specialists
- 150+ scientific sessions & workshops
- Exclusive industry exhibitions

The Annual Congress of the Asia-Pacific Vitreo-retina Society (APVRS) has established itself as one of the premier vitreoretinal meetings in the Asia-Pacific region and globally.

Held annually, the APVRS Congress brings together vitreoretinal specialists, researchers, and industry leaders to share cutting-edge advancements, foster collaboration, and address regional and global challenges in retinal disease management.

The APVRS Congress is renowned for its high quality scientific program, which combines innovative research, clinical insights, and technological advancements tailored to the vitreoretinal field.
